SUMMARY

Motivated Software Engineering undergraduate with hands-on experience in building real-world projects, including web applications, mobile apps, and embedded systems. Strong foundation in programming, problem-solving, and modern development practices. I bring a fast-learning mindset, the ability to work well in teams, and a passion for creating efficient, user-focused solutions. Ready to contribute fresh ideas, adapt quickly to new technologies, and support the team in delivering high-quality software products.
